Learn More About Your Value Member Plan

Your Value plan has you assigned to a Primary Care Physician (PCP) within a Medical Group. Your PCP is your main doctor and first option for care. You can view your assigned Medical Group and PCP by logging into your Online Member Account. You can also change your PCP or Medical Group at any time through your Online Member Account or by calling Member Services. If you change your PCP or Medical Group, remember to check **guide.ambetterhealth.com** and select the "VALUE" network to ensure that your PCP and Medical Group are in-network.

A referral from your assigned PCP is required for any medically necessary care not provided by your PCP. Your PCP will help coordinate your care and can also issue referrals. Referrals are required for all medically necessary health care services not provided by your PCP. Those services exclude emergency care, urgent care, mental health, substance use disorders, OB/GYN, and any state-mandated exemptions.

In-network or network provider means a physician or provider who is identified in the most current list for the network shown on your Member ID Card. Services received from an **out-of-network** provider are not covered, except as specifically stated in your EOC. **Non-Emergent** Services: You can access providers in other states only if they are a part of an Ambetter Value network in that state.

Learn about how to get the most out of your plan. Refer to your Evidence of Coverage (EOC) for more information by visiting:
