Learn More About Your Ambetter Virtual Access Member Plan

Our Ambetter Virtual Access plans provide you with a full virtual primary care experience* through your Virtual Primary Care Physician. Ambetter Virtual Access members are assigned a Teladoc Health Primary Care Physician (PCP). You will use your Virtual Primary Care Physician if you need**:

- Your annual wellness checkup & vaccinations
- Treatments for an ongoing health issue like asthma or diabetes
- Advice about your overall health
- Help with medical problems such as a cold, the flu and fevers
- A referral for any medically necessary care not provided by your PCP.

You do have the option to change your PCP to an in-network provider to see them in person but here are a few important things to note:

1. Members must change their Virtual Primary Care PCP to an in-person PCP via their Ambetter member account or by calling member services prior to scheduling an appointment.
2. A copay will apply for an in-person PCP visit.
3. A referral from your in-person PCP is still required for any medically necessary care not provided by your PCP.
4. If you choose a nurse practitioner or physician assistant as your PCP, your benefit coverage and copay amounts are the same as they would be for services from other participating providers. Review your Schedule of Benefits for more information.

Check out our Ambetter Guide for a full list of your options and their contact information. It's on the Find a Doctor page of **guide.ambetterhealth.com**. Refer to your Evidence of Coverage (EOC) for more information on your Provider Directory.

In-network or network provider means a physician or provider who is identified in the most current list for the network shown on your Member ID Card. Services received from an **out-of-network provider** are not covered, except as specifically stated in your EOC.
