MICROLEARNING STRATEGIES

We value everything you do to deliver quality care for our members—your patients—and to make sure they have a positive healthcare experience.

There are several behavioral health measures that providers can directly impact related to follow-up care for mental illness or substance use disorders, medication adherence, and metabolic monitoring.

That’s why we’ve created:

Behavioral Health HEDIS® PowerPoint® Microlearnings.

These 8-20 minute trainings gives you the tools you need to meet, document and code HEDIS measures.

Purpose:

The purpose of the trainings are for medical and behavioral health providers to recognize the intent of the Behavioral Health HEDIS measures and share strategies to impact quality care and outcomes for our members.

Target Audience:

Medical and Behavioral health Providers, including licensed and unlicensed health care professionals and office staff.

Duration:

8-20 mins each.

To register, please select from the trainings below.

[Enhancing Member Experience with Behavioral Health Care Services: Experience of Care and Health Outcomes \(ECHO\) Survey](#)

[Ambetter QRS: AMM, FUH, and IET Measures](#)

[Anidepressant Medication Management and Antipsychotic Medication Adherence: Optimizing the AMM and SAA HEDIS® Measures](#)

[Follow-Up Care After a Hospital or Emergency Department Visit for Mental Illness: Optimizing the FUH and FUM HEDIS® Measures](#)

(continued)

[Initiation and Engagement, Follow-Up After Emergency Department or High Intensity Care for Substance Use Disorders: Optimizing the IET, FUA, and FUJ HEDIS® measures](#)

[Strategies to Improve Cardiovascular, Diabetes, and Metabolic Monitoring: APM, SSD, SMC, and SMD HEDIS® Measures](#)

[Strategies to Minimize the Risk of Opioid Overuse and Misuse](#)

[Optimizing the Impact of the ADD and APP HEDIS® Measures](#)

Together, we can provide the care and services our members need to stay healthy and improve quality scores. This supports our providers and ultimately benefits our members.

Please contact your Provider Relations representative if you need more information or have any questions. Quality care is a team effort.

Thank you for playing a starring role!
